

Harris Radio Technical Representative

Crisis Response Company (CRC) is seeking a qualified Harris Radio Technical Representative to support our contract with the Department of State, Bureau of African Affairs, Office of Security Affairs (AF/SA). The objective of this position is to assist in maintaining High Frequency (HF) and Very High Frequency (VHF) Network Configuration Management Services including the identification and maintenance of network components.

Key Personnel Required Qualifications

- At least two years of mentor/training experience on Harris VHF and HF radio systems.
- At least five years of experience of all aspects of Harris VHF and HF radios, with a focus on advanced radio operator and maintainer skills.
- Technical fluency in French, specifically in radio and communications terminology.
- Two (2) years' experience advising foreign militaries.
- U.S. citizen capable of maintaining a Secret clearance.

CRC offers a generous compensation package, extensive time off, and full benefits.

About CRC

Crisis Response Company, LLC (CRC) is a Service Disabled Veteran Owned Small Business (SDVOSB) formed in 2009 by leaders who have captured and led numerous and recent peacekeeping operations on behalf of DoS, DoD, United Nations, the African Union, and Private Industry. CRC's leadership formed the company with a single goal to enable Governments and Private Industry succeed in Security Sector Reform/Transformation, Subject Matter Expert Manning, and Defense initiatives around the globe.
